Purpose

The primary object of this procedure is to support University staff in the provision of goods and services that are fit for purpose, value for money and are available when required.

This document sets out the procedures to be followed by the University (including controlled entities) staff, students or contractors either purchased or leased from suppliers external to the University involved in purchasing goods and services, for and on behalf of the University.

The procedure incorporates the placement of orders, the receipt of goods or services and approval for payment.

Provide instructions for the use of University Purchasing Cards.

To ensure that tenders are evaluated fairly and equitable in accordance with the evaluation criteria specified in the tender documentation.

Direction

The University Procurement Team are available to advise and direct University Faculties / Schools / Departments / Portfolios on best practice routes for the procurement of goods and services in line with their Financial Delegation,
the University Purchasing Thresholds and Policies and Procedures, in order to achieve value for money and sustainable quality of supply.

Additional guidance is available from the Victorian Government Purchasing Board Website.

Ethics

The University is committed to achieving best practice procurement that is visible, accountable and achieves quality and sustainable supplier relationships. No preference in the placement of orders is to be given to any member of council, member of staff, donor of any gift (money or in kind) or any person associated with the University in any capacity whatsoever. The University Policy on Probity Auditing is to be referred to when procuring goods or services on major projects that are of high value, high profile, highly complex, contentious or politically sensitive.

Scope

This document sets out the procedures to be followed by all University staff involved in purchasing goods and services. The procedure incorporates the placement of orders, the receipt of goods or services and approval for payment.

**Actions**

**Quantifying the Purchasing Requirement for Goods / Services on Behalf of the University**

**Clarify:**

1. The need for purchase.
2. Approval and availability of funds.
3. That the procurer has delegated financial authority Refer to Delegations – Contract, Financial, Staffing and Tender Policy and the procurement in line with Purchasing Thresholds.
4. The environmental impact of chosen goods or services – seek advice from the University Sustainability Officer: Dale Boucher, PH: 5327 8414, E: d.boucher@federation.edu.au

Risk Health and Safety and Purchasing

Check if any Risk Health and Safety Issues need to be considered and addressed in the respect of procured goods or service required.

Selection of Purchase Option

Determine the purchase option that will best suit the required acquisition in respect of process and value for money.

Refer to Purchasing Thresholds listed under Forms.

Acceptable Purchasing Methods

1. Purchasing Card - ideally to be used for purchases of one off low value items, travel expenses, accommodation, conferences etc.
2. Purchase Order - Refer to Purchase Order Process.
3. Travel Claims - These methods are available under the University Travel Policy and Procedures

Claims by staff for reimbursement of purchases made outside of this procedure will not be paid by the University. Cash claims of any type will not be entertained.

Vendor Selection

1. If an Approved Vendor exists for a required product or service, they should be considered as the first option.
2. Approved Vendors are selected following a formal Competitive Tendering/Quotation and Contracting process (Refer Approved Vendors - E Tendering for Obtaining Quotations and Conducting Tenders) or by accessing contracts available to the University from the Victorian Government or other consortiums and buying groups of which the University is a member.
3. New Vendors are proposed by the person initiating a requisition by forwarding the Vendor Application Form to the new Vendor for completion.

Conflict of Interest

Staff must comply with the Conflict of Interest Policy and Conflict of Interest Procedure to ensure that staff consider and declare, if required, a potential or actual conflict of interest prior to entering into tansactions with new or existing clients or suppliers.

Requisition Information

Essential supplier details:

• Contact / Delivery details
• Firm Cost Price
• Quantity
• Funding Source
• Service details or product specifications / technical requirements
• GST included cost where applicable (refer GST Guidelines)
Timelines – where applicable

Purchase Requisition Authorisation

Relevant staff members delegated to committing funds within their school / portfolio budgets authorise purchase requisitions. Refer to the Delegations - Contract, Financial, Staffing and Tender Policy.

The person authorising the requisition must satisfy themselves that the requirements of the Purchasing Thresholds have been met before authorising a requisition. Refer to Purchasing Thresholds listed under Forms.

Requisitions Entered by Faculty/School/Department/Portfolio

An Authorised Financial System User with purchasing access enters details of an authorised Purchase Requisition into the Finance System.

NB: If a University delegated purchaser instructs vendors to provide goods or services by methods other than Purchasing Card or Requisition, this may result in payment delays that could jeopardise future supplies of goods or services to the University.

Considerations

Consideration should be given to:

- Availability and whole life costs in respect of consumables, spare parts and service. Could there be another department within the University with a requirement for the same goods / service and if so could the combined purchase volumes realise savings?
- Environmental impact of long distance haulage from supply source - is there an alternative source?
- Replacement of existing goods - disposal (will supplier of new goods dispose of old equipment?).
- New service provider - check existing service, has the maintenance / contract provider been given enough notice to cease service and avoid excess charges?
- Responsible disposal of dangerous materials and possible contamination – seek advice from the University’s Sustainability Officer; Dale Boucher, PH: 5327 8414, E: d.boucher@federation.edu.au and ensure paper audit trail
- Where goods are listed ensure removal from Asset Register. Contact: Associate Director Financial Accounting & Systems, Peter Hicks, PH: 5327 9388 or E: p.hicks@ballarat.edu.au

Purchase Orders

Once the relevant authorised person has approved all details of expenditure, the Purchase Requisition is converted to a Purchase Order.

The Purchase Order is forwarded to the vendor as confirmation of the order.

Orders should state that goods be delivered direct to the order requester’s receipt point.

The Purchase Order should state that the Vendor Invoice be delivered directly to the Accounts Payable section of Finance. Failure to comply could lead to delay in payment in line with the University payment terms.

Receipting

Goods Received on Campus

Should be inspected and signed for upon delivery

Warning - Uncontrolled when printed! The current version of this document is kept on the FedUni website.
Confirmation of Receipt of Goods or Services

The person initiating the requisition or their nominated receiving officer has the responsibility to confirm that goods / services received to conform specified order requirements and are as details on the receiving note.

Completed Orders

Confirmation of the receipt of goods or services should be registered on the Finance ordering system to enable the payment of the vendor account.

Incomplete Orders

When orders are only partially received just the component value of the received goods should be entered onto the Finance ordering system.

Authorisation for Payment

Invoices are authorised for payment by the requester upon completion of the Receipting process on the myFinance system. Failure to receipt will disallow payment.

Attractive Items/Asset Register

The Financial Management Act and the University Asset, Attractive Items and Inventory Management Policy and Procedure requires that information for single items of equipment costing up to $4,999 (deemed a portable and attractive Item) be listed on an Attractive Item Register. This register is kept within the Portfolio / School or Section, maintained by a responsible officer and made available for audit when requested. Details of items with a value over $5,000 in value must be advised to the Associate Director Financial Accounting & Systems. Asset, Attractive Items and Inventory must be made available for audit upon request. Refer Asset, Attractive Items and Inventory Management Policy and Procedure.

Responsibilities

The Vice-Chancellor has the authority to decide whether the complexity and sensitivity of projects less than $10 million may warrant the appointment of a probity auditor. The Vice-Chancellor (or nominee) may select the probity auditor from an agreed list of probity auditors approved by the Audit and Risk Committee of Council.

The Management Accountant, Strategic and Corporate is responsible for the maintenance of this policy.

University Purchasing Cardholders will be required to be familiar with the requirements of the Procurement of Goods and Services Policy, the Purchasing Procedure and also the "Conditions of Use" by the University’s appointed Purchasing Card provider.
